

Enhanced Intelligent Office with Dentons SIPP values.

Working with Intelligent Office

At Dentons' we've always worked hard to use the latest technology to enable advisers to have instant online access to the most up-to-date investment valuations where possible.

We are now working in partnership with Intelliflo's Intelligent Office business management software to become the first bespoke SIPP provider to offer direct links to Intelliflo's client portal, the Personal Finance Portal (PFP).

Intelligent Office is a technology system which integrates with key fund managers, product and tool providers in the UK financial services market. It's packed full of features and capability, bringing an adviser's back office administration into a cloud-based area to help them become more efficient by providing comprehensive information in one place.

Benefits to advisers:

- › Personal Finance Portal updated daily with SIPP asset valuations for those advisers with Dentons SIPP clients
- › Advisers' clients only need to login to the PFP to get all their information - rather than logging-in to many different portals
- › FREE download facility for adding the Dentons valuation service to the PFP
- › Building a record of historic valuations could help advisers in overall planning and reporting for clients
- › More accurate and instantly available client SIPP information will give advisers more time for their clients and require less time to be spent on manual valuations work.

Quick and FREE installation

An adviser's Intelligent Office account must include the role 'iOStoreAdmin' to enable installation of the Dentons Pensions application. Advisers must be able to provide their firms' FCA number.

Data will only be downloaded for active and inforce schemes and investment holdings for the Dentons SIPP that are recognised as being associated with the adviser firm.

Please read the terms and conditions and acknowledge these before installing this application.

Recognising Dentons' SIPP Plans

Dentons' SIPP Plans are recognised based on the following:

- › The Plan Provider is marked as 'Dentons (SIPP Provider)'
- › The plan Policy Number is an exact match of the Dentons SIPP scheme reference number.
